ULCINJ - MONTENEGRO**

## **VII INTERNATIONAL SCIENTIFIC CONFERENCE**

**“INSTITUTIONAL RESPONSIBILITIES FOR THE PRESERVATION AND ADVANCEMENT OF LANGUAGES AND LITERATURE”**

**Conference due date 31 March 2023  
ULCINJ - MONTENEGRO**

## **CALL FOR PUBLICATIONS AND PARTICIPATION IN THE SCIENTIFIC CONFERENCES**

Dear scientific researchers,

The Institute for Scientific Research and Development (ISRD) is pleased to invite you to participate in the:

**1) XV INTERNATIONAL SCIENTIFIC CONFERENCE – “ANALYSIS OF THE POSSIBILITY OF EXITING THE GLOBAL ENERGY CRISIS IN THE WESTERN BALKAN COUNTRIES”**

**2) VII INTERNATIONAL SCIENTIFIC CONFERENCE – “INSTITUTIONAL RESPONSIBILITIES FOR THE PRESERVATION AND ADVANCEMENT OF LANGUAGES AND LITERATURE”**

The Conferences will be organized in two separate sessions, considering the profile of scientists and their contributions to academia and broader. The purpose of the conferences, given its sessions, will be focused on the works and researches of the contributors which are intended to be in line with the objectives of the conferences.

Hence, in order to achieve the objectives and goals of the Conferences, the works of potential scientific contributors should be in alignment with the purpose of the aim and objectives of, both the XV and the VII International Scientific Conferences.

### **AIMS AND OBJECTIVES OF THE XV AND VII INTERNATIONAL SCIENTIFIC CONFERENCE**

The Institute for Scientific Research and Development (ISRD) in Ulcinj is an association of scientists and professionals with adequate scientific titles and a meritorious academic profile who are traditionally engaged in the approach and advancement of social issues from a scientific perspective.

ISRD - is committed to organizing international conferences exclusively on economic development issues. Being convinced of this perspective, from the multidisciplinary angle, theorists, practitioners, professionals, etc., will offer important contributions which will be evaluated as a good opportunity to create a business agenda through the discussion of key topics about policies, with a perspective towards the development potentials of the green economy and the possibilities of implementation in the countries of the region.

#### **Conference objectives:**

- 1) Conferences exclusively claim to bring together scientists, academics, experts in the field of local economic and tourism development with the aim of expanding specific and general knowledge by exchanging ideas and thoughts on the restructuring of the economy, through organic food and health tourism programs.
- 2) The conferences aim to engage research-scientific potential so that the defined topics are addressed in interdisciplinary spheres for researchers, practitioners, participating professors but also for researchers to encourage and promote discussions about innovations, trends, concerns and challenges that societies are facing modern, not leaving aside the possible solutions for the benefit of the development of the green economy and the possibilities of implementation in the countries of the region.
- 3) To publish works with scientific and practical values which will not only contribute to social life but will also serve researchers, policy-makers, society and the country for taking measures for the development of the green economy and the possibilities of implementation in countries of the region.
- 4) Contribute to the field of social and human sciences, aiming to strengthen the connection between the practical part and the theoretical part in the restructuring of tourism through organic food and health tourism programs.
- 5) To create a discussion forum where the emphasis will be on potential policies to improve the current circumstances in the field of science and education, as well as the presentation of different ideas in order to better

- understand the importance of the green economy's development potentials and the possibilities of implementation in the countries of the region and the restructuring of tourism through organic food programs and health tourism.
- 6) Contribute to improving and raising awareness of the importance and challenges of investments and sustainable development through education and professional training.

Institute for Scientific Research and Development (ISRD) publishes academic works through its respective journal **Proceedings of International Scientific Conferences**. Below you can find more detailed information for submission of works through each respective journal.

#### **I. Proceedings Publications of the International Scientific Conferences-**

<https://ekonomskiinstitut.com/al/publikimet-e-buletinit-shkencor-i-konferencave-shkencore-nderkombetare/>

- Papers should be written in English, Albanian, Serbian, Montenegrin, Macedonian, Russian language (one of the languages).

Submit your article to the email address: [institut@outlook.com](mailto:institut@outlook.com)

#### **Important dates:**

1. Submission of the paper by: 15 March 2023
2. Acceptance confirmation by : 20 March 2023
3. Conference due date: 31 March 2023

**Thank you for your understanding!**
